

**Alicia Douglas**  
**Founder, CEO**  
**The WaterRising Institute**

Alicia Douglas, Founder & Chief Executive Officer of WaterRising Institute - Alicia is a WaterWoman. She is the founder of 3 startups, and has over 29 years of experience in philanthropy, sustainability, public policy along with community engagement. Her ability to collaborate with global stakeholders has provided insight to developing an innovative GIS technology approach to addressing the global water security crisis. In addition to WaterRising, Alicia is involved with many initiatives including: WaterWomen Initiative, Women4Climate and UN Global Compact Leaders. Her most important role is the mother of 4 daughters and ensuring her daughters children have access to healthy water.
