

Nathan is the Founder and President of Sunrise Financial Group Inc. and Sunrise Israel Tech, a growth engine for Israeli startups. Prior to founding Sunrise Financial Group, Nathan invested in over 100 startups over 20 years, 70 of which in Israel. Notable investments include Concentric Research, Arena Pharmaceuticals, On-Track Innovations and Enzymotec. Nathan's investment strategy involves strong advisory presence and active support, encouraging strategic partnerships for his portfolio companies. Sunrise Securities raised in excess of \$6 billion for over 60 domestic and international public and private companies, using a variety of financing instruments. Nathan graduated Cum Laude from Harvard College in 1982, and speaks English, French, Spanish and Hebrew. He also serves on a variety of charitable boards for projects involving the cancer care, education and the developmentally disabled.
