

Ofir Marx, Global Marketing Manager at Bermad C.S.

I bring 30 years of experience in the water works management market, in control valves specifically.

Solution in leakage control, in pump stations, and surge control.

We at Bermad are specialized at custom tailor solution and we have a lot of knowledge in large water distribution networks.

In my last position I'm specialized at the digital wave IOT, solutions, close base data collecting, and technologies which close the circle of action and reaction in one device.

Past experience:

Control valves at Bermad.

Filtration and water treatment at Amiad.

USA Irrigation and water works market at BIC (Bermad subsidiary in CA).
