

TOXSORB BY WFI GROUP

Yotam Gonen, CTO

A Co-Founder of Toxsorb, Yotam has been leading the research team since 2007. His scientific interests and areas of expertise include adsorption, surface chemistry, and the modelling of adsorption. Yotam is a senior faculty member at Tel-Hai Academic College and teaches undergraduate and graduate courses in Physics, Physical Chemistry, Programming and Solute Transport. He was granted the 2018 award for exceptional activity in the cleantech field awarded by the MASHOV group.

Yotam holds a B.Sc. in Biotechnology and Environmental Science from Tel-Hai Academic College, and a Ph.D. from the Hebrew University.
